Scouts who are to take part in the opening ceremony are asked to be a little early so they may receive any last minute instructions for the opening which is scheduled to begin promptly at 6:45 PM. All other Scouts are requested to escort their friends, relatives, and parents to a table of their choice as soon as they arrive so that all will be in place at the beginning of the opening ceremony. All Scouts of the Month for the year 1966 will sit in their seats of honor which are reserved for them at the head table. The remainder of the Scouts will remain with their parents and friends except when they are to participate in a part of the program or have an assigned task to perform. Remember, it is extremely important that each Scout be at the proper place for the opening ceremony ----- failure to comply will mean latrine duty during summer camp.
